# A Message from the Principal >>>

Dear OLPS Families and Friends,

What a wonderful first year it has been as principal of Our Lady of Prompt Succor School! I am so grateful for the warm welcome I've received from our students, parents, faculty and parish community. OLPS is a special place filled with faith, joy and a deep commitment to giving our children the very best.

One of the highlights of this year was completing the installation of the fence around the perimeter of our campus. This has been a major project, years in the making, and I'm proud to see it come to fruition. It's a powerful example of what we can accomplish together when we're united in our mission to provide a safe and nurturing environment for every student.

Our school continues to grow and thrive because of the incredible support of our parents and families. Thank you for trusting us with your children, partnering with us in their education, and showing up with your time, your talents, and your prayers. Your involvement plays a huge part in making OLPS the best it can be.

As we look ahead, I am filled with excitement and hope for the future. We are building on a strong foundation and remain committed to excellence in academics, faith formation, and community.

Thank you for a fantastic year!

Meredith Rhoads

# Stay Safe Campaign >>>

We are proud to announce the successful completion of our Stay Safe Campaign - a project three years in the making. Thanks to the support of our generous donors and the strength of the OLPS community, we've achieved several major milestones to enhance the safety and security of our campus.

Over the past year, we finalized the installation of a privacy fence surrounding the entire perimeter of the school. This was a significant undertaking and a crucial step in creating a more secure and protected environment for our students and staff.

Following the completion of the FOB system on all exterior doors, we received a \$50,000 grant to expand the system to interior doors as well. We're excited to share that installation of interior door access control is now underway and expected to be completed over the summer.

Thank you to everyone who contributed to the success of this important campaign. Your generosity has made a lasting impact, and your commitment to the safety of our students is deeply appreciated.

# Partners in Education >>>

Thank you to all of our sponsors for the 2024-25 school year. We couldn't do what we do without your support!
